

AUTHORIZATION TO MARK

This authorizes the application of the Certification Mark(s) shown below to the models described in the Product(s) Covered section when made in accordance with the conditions set forth in the Certification Agreement and Listing Report. This authorization also applies to multiple listee model(s) identified on the correlation page of the Listing Report.

This document is the property of Intertek Testing Services and is not transferable. The certification mark(s) may be applied only at the location of the Party Authorized To Apply Mark.

Control Number: 3055574 Authorized by: *for Michelle Lake*
William T. Starr, Certification Manager

This document supersedes all previous Authorizations to Mark for the noted Report Number.

This Authorization to Mark is for the exclusive use of Intertek's Client and is provided pursuant to the Certification agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this Authorization to Mark. Only the Client is authorized to permit copying or distribution of this Authorization to Mark and then only in its entirety. Use of Intertek's Certification mark is restricted to the conditions laid out in the agreement and in this Authorization to Mark. Any further use of the Intertek name for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. Initial Factory Assessments and Follow up Services are for the purpose of assuring appropriate usage of the Certification mark in accordance with the agreement, they are not for the purposes of production quality control and do not relieve the Client of their obligations in this respect.

Party Authorized To Apply Mark: Same as Manufacturer
Report Issuing Office: Chicago

Standard(s):	Single and Multiple Station Carbon Monoxide Alarms (UL 2034, 3 rd Edition, dated February 28, 2008)
Product:	First Alert and/or BRK Brands: Direct Plug-In Carbon Monoxide Alarm with Battery Back-Up and Test/Silence
Models:	CO604, CO614

INTERTEK PRODUCT INFORMATION SUBMITTAL
To the
California Department of Forestry & Fire Protection
Office of the State Fire Marshal for BML Listing

This document does not imply product certification nor authorization to apply the ETL-Listed Mark and should be submitted along with a valid Authorization to Mark from Intertek.

Intertek Report Number:	3110062CHI-001
Intertek Issuing Office:	Chicago
CSFM BML Category:	5276 Carbon Monoxide Detector (single/multiple)
Applicant/Listee:	Name: BRK BRANDS, INC. Address: 3901 West Liberty Street Aurora, IL 60504 Attn: Mr. Mark Dippner Phone: (630) 851-7330 x1422 FAX: (630) 851-9309
Standards Used:	Single and Multiple Station Carbon Monoxide Alarms (UL 2034 – 3 rd Edition, dated February 28, 2008)
Product Covered:	First Alert and/or BRK Brands: Direct Plug-In Carbon Monoxide Alarm with Battery Back-Up and Test/Silence, Model CO604, CO614.
Design:	This product is intended to be wall direct plug-in with battery back up. The product is intended to detect an abnormal amount of carbon monoxide density in the area in which it is installed, and to actuate a condition specific audible alarm signal. The product has an alarm silence feature for convenience only and will not correct a CO problem. The unit is comprised of jumpers, capacitors, transistors, resistors, integrated circuits, a voltage regulator, a piezoelectric horn, a CO sensor, general visual signaling LED, and a LCD (CO614 only). All components with the exception of the battery are mounted on a printed wiring board (PWB), and the assembly is then housed inside an enclosure having openings to the surrounding air. All alarms are intended to be installed in accordance with the User's manual, instruction sheets, and Installation of Household Carbon Monoxide (CO) Warning Equipment (NFPA 720).
